Come and discover the Port of Lisbon - a meeting point for all. Where the city encounters the river and the sea. Where, from early morning to night time, you can find entertainment, culture and also a strong economic force.

Entertainment lightens up the dozens of restaurants, outdoor cafés, bars and discos along the banks of the river.

Regattas, sailing and sailors, canoes and oars, fill the Port of Lisbon with colour and rhythm. Nautical sports and the constant hustle of cruise ships arriving from all corners of the world bring life to the city.

Come and visit us. Come by sea, then along the river and delight yourself with the view.
